By product type, the round type parachute segment garnered more than two-fifths of the global [military parachute](#) market in 2021, and would rule the roost by the end of 2031. The cruciform parachute segment, on the other hand, would display the fastest CAGR of 7.3% from 2022 to 2031. The ribbon & ring and ram air parachute segments are also analyzed in the study.

Based on components, the canopy segment held nearly two-fifths of the global market in 2021, and is expected to dominate by 2031. The tapes segment, on the other hand, would manifest the fastest CAGR of 7.3% throughout the forecast period. The cords and metal segments are also covered in the report.

Based on application, the personnel parachutes segment accounted for more than three-fourths of the total market revenue in 2021, and is projected to retain its dominance by the end of 2031. At the same time, the cargo parachutes segment would exhibit the fastest CAGR of 7.3% during the forecast period.

Based on region, the market across North America generated nearly two-fifths of the global market revenue in 2021, and is anticipated to retain the lion's share by 2031. The Asia-Pacific region would also manifest the fastest CAGR of 7.8% during the forecast period. The other regions studied in the report include LAMEA and Europe.

## Key Findings Of The Study

By product type, the cruciform parachute segment dominated the global military parachute market in terms of growth rate.

By component, the tapes/webbings segment dominated the global military parachute market in terms of growth rate.

By application, the cargo parachutes segment dominated the global military parachute market in terms of growth rate.

## Key Points Covered by the Report:

What are the fundamental skills, core competencies, and key players in the industry we are examining?

What are the opportunities for marketing strategies that are developing at a usual rate?  
What are the main competitive factors influencing the industry?  
What marketing tactics are suitable for a particular service or product?  
What geographical areas are covered by the military parachute market report?  
What share of this market would each of the following regions hold during the forecast period:  
Asia-Pacific, Europe, North America, and LAMEA?
