Addressing the Financial Pressures Facing South Carolina's SMEs

1) Limited in-house capability to handle intricate financial processes efficiently.

2) Elevated expenses resulting from manual data entry and paper-based invoice management.

3) Higher likelihood of mistakes that can delay payments or overlook receivables.

4) Poor transparency into financial health, including cash flow and account balances.

5) Shortage of tools and personnel to manage audits, reporting, and regulatory compliance.

6) Difficulty expanding financial operations in line with business growth demands.

## IBN Technologies: A Superior Alternative to Conventional Accounting Models

While traditional accounting models remain resource-heavy, slow to adapt, and vulnerable to compliance risks, IBN Technologies presents a smarter path forward. Its fully outsourced Accounts Payable services and Accounts Receivable services deliver greater accuracy, faster processing, and lower overhead.

□ All-in-One Accounts Management – Fully managed AP and AR services that ensure timely payments, accurate collections, and 99% precision—streamlining your cash flow from start to finish.

□ Enterprise-Grade Security – Bank-level encryption combined with global standards like SOC 2, ISO 27001, and GDPR keeps your financial data safer than ever—outperforming outdated legacy systems.

□ Cost-Effective Financial Operations – Cut up to 50% of your operational costs compared to in-house teams, giving your business the freedom to reinvest in strategic growth.

□ Always-On Virtual Teams – Gain 24/7 access to expert finance professionals who work in real time—eliminating the need for physical staffing and reducing delays.

□ Uncompromised Data Protection – Built-in compliance and advanced data handling protocols

ensure the confidentiality and integrity of your sensitive financial information.

These capabilities establish the company as a trusted ally for SMEs, providing stable, scalable, and secure financial service solutions. With a focus on precision, strong data security, and affordability, the company is reshaping the way modern businesses approach financial outsourcing—offering a smarter, more efficient path to long-term growth and operational excellence.

“Business leaders today are demanding efficiency, transparency, and control,” said Ajay Mehta, CEO of IBN Technologies. “Our AP and AR services are built not only to reduce overhead but to give SMEs a financial edge through compliance, and expert support. This is the future of finance.”
