

TIDC and DTC Unite to Establish Thailand as a Premier Blockchain x AI Innovation Hub and Global Digital Leader

Strategic Partnership Accelerates Digital Transformation, Strengthens Ecosystem, and Drives User-Centric Innovation in Web3, Blockchain, and AI

BANGKOK, THAILAND, April 21, 2025 /EINPresswire.com/ -- The Thailand International Digital Business &

Finance Centre (TIDC), a central force driving Thailand's digital economy, and DTC Corporation Co., Ltd. (DTC Group), the leading Web3 growth partner turning visions into global realities, today announced a Memorandum of Understanding (MOU) to create a powerful collaborative partnership. This alliance is set to accelerate Thailand's digital transformation, cultivate a thriving digital ecosystem, and firmly establish the nation as a global leader in Web3, blockchain, and AI innovation. TIDC and DTC Group will jointly empower bold ideas, providing the expertise and resources necessary to navigate the complexities of the Web3 landscape and achieve tangible success.

Building a Blockchain x AI Innovation Platform and Ecosystem: A Hub for User-Driven Solutions

This MOU establishes a framework for joint initiatives focused on strengthening the digital ecosystem and fostering user-driven solutions. A key element of this partnership is the establishment of a cutting-edge Blockchain x AI Innovation Platform within Thailand. This platform will serve as a collaborative hub for research, development, and deployment of innovative applications across various sectors, including finance, healthcare, education, and more. The platform will prioritize the development of solutions that are not only technologically advanced but also directly address the needs and challenges of end-users, empowering individuals and businesses alike. Both parties will jointly work to bring their respective partners to form alliances and business connections, gathering all leading players to interact and delegate the best efforts.

The strategic alliance will focus on:

Developing joint educational programs and workshops to enhance digital literacy

and build a skilled workforce in Web3, blockchain, and AI.

Attracting strategic partnerships and investment to support the growth of the digital ecosystem and the development of user-driven applications.

Facilitating collaboration between government agencies, research institutions, and private sector companies to accelerate the adoption of Web3, blockchain, and AI technologies.

Enriching the partner ecosystem by onboarding key players and stakeholders, fostering a dynamic and interconnected community.

Leadership Perspectives on Shared Vision

Mr. Raymond Chu, Executive Director of TIDC, emphasized: "This partnership is a pivotal step towards realizing Thailand's vision of becoming a leading digital innovation hub. By collaborating with DTC Group, we can create a vibrant ecosystem that fosters innovation, attracts investment, and empowers individuals and businesses to thrive in the digital age. We are particularly excited about the potential of the Blockchain x AI Innovation Platform to drive the development of user-centric solutions that address real-world challenges."

Mr. Barami Rai, Co-founder and CEO of DTC Group, commented: "DTC Group is committed to turning bold ideas into real-world success. Our partnership with TIDC will enable us to leverage our expertise in Web3, blockchain, and AI to accelerate Thailand's digital transformation and create a more inclusive and equitable digital economy. We believe that by focusing on user-driven solutions, we can unlock the full potential of these technologies and create a positive impact on society. Together, we will build a platform that connects global leaders and fosters collaboration to drive innovation and growth."

About TIDC

The Thailand International Digital Business & Finance Centre (TIDC) is a strategic initiative driving Thailand's ambition to become a regional digital hub. Aligned with the national agenda, TIDC accelerates the growth of the digital economy by fostering cross-sector collaboration among government, private enterprises, academia, and global partners. TIDC focuses on piloting innovative digital businesses and technologies—including fintech, blockchain, AI, and digital finance—to enhance Thailand's competitiveness and attract foreign investment. Through ecosystem development, regulatory support, and infrastructure advancement, TIDC empowers startups, SMEs, and corporations to scale transformative solutions, positioning Thailand as a leading nexus for digital innovation and economic resilience in Southeast Asia.
