

# WinPure Partners with Moonsoft Oy to Deliver Powerful Data Quality Management Solutions Across the Nordics and Baltics

READING, BERKSHIRE, UNITED KINGDOM, April 25, 2025

/EINPresswire.com/ -- WinPure, a global leader in data quality software, is proud to announce a strategic partnership with Moonsoft Oy, a leading Finnish software distributor specializing in enterprise IT solutions.

This collaboration will bring WinPure's award-winning data quality management tools such as [automated data cleansing](#) and [AI data matching](#) to a broader audience of businesses and institutions across Finland, Sweden, Estonia, Latvia, and Lithuania.

Through this partnership, Moonsoft Oy will offer WinPure Clean & Match, the intuitive and automated data cleansing solution with AI data matching designed to help organizations improve data accuracy, reduce duplication, and achieve better decision-making – without manual costs and setup.

WinPure's software is now officially listed and available via [Moonsoft's platform](#).

"We're thrilled to partner with Moonsoft to expand our footprint in Northern and Eastern Europe," said David Leivesley, CEO of WinPure. "Their strong regional presence and trusted reputation make them the perfect partner to help us bring best-in-class data quality solutions to more customers looking to unlock the full value of their data."

Moonsoft Oy brings over two decades of experience in delivering trusted software and consulting services to thousands of customers across sectors including finance, government, education, and healthcare. The addition of WinPure to their portfolio strengthens their ability to offer data-driven clients a scalable, user-friendly tool for solving messy data challenges—without needing technical expertise.

"High-quality data is the backbone of every digital transformation effort," said Juha Piispa, CEO of Moonsoft Oy. "With WinPure, our customers can now take control of their data quality in a fast, cost-effective way. We're excited to add this solution to our offerings and look forward to helping

clients overcome the growing challenge of bad data.”

The partnership officially launched in April 2025, with support and onboarding available immediately through Moonsoft’s sales and consulting teams.

#### About WinPure

WinPure is a UK-based award-winning data quality solution with AI-powered data matching and data cleansing to help organizations clean, match, and manage their data efficiently. Trusted by thousands of businesses, nonprofits, and government agencies worldwide, WinPure’s no-code software empowers teams to improve data quality without relying on IT departments or complex coding.

#### About Moonsoft Oy

Founded in 2004, Moonsoft Oy is a trusted software provider headquartered in Finland, serving corporate, academic, and public sector clients across the Nordics and Baltics. Specializing in software licensing, IT consulting, and cybersecurity, Moonsoft supports over 13,000 customers with tailored technology solutions for modern enterprises.
