

Happy Jewelers Announces Premium Custom Jewelry, Gold Buying, and Same-Day Services

LOS ANGELES, CA, UNITED STATES, May 22, 2025 /EINPresswire.com/ -- [Happy Jewelers](#), a family-owned jewelry store in Orange County, is experiencing a high demand for gold trading and customized jewelry. Run by brothers Gabe and Danny Arik, the store has become a go-to destination for clients looking for quality, trust, and convenience in one seamless, expert-guided visit.

With decades of experience in the jewelry industry, the Arik brothers have instituted a process in which each client becomes family, no matter whether you are buying, selling, trading, or having a custom piece made. "It is welcome to walk in, buy a Rolex, trade in an existing gold chain for it, and possibly get a ring resized all in one visit," store co-owner Gabe Arik says.

From [Rolexes](#) to personalized [engagement rings](#), Happy Jewelers looks to offer a wide range of options to cater to every client's unique needs and preferences. When it comes to customizing jewelry, the store's in-house artisans collaborate closely with each client to bring their vision to life, ensuring that every piece is crafted with the utmost care and precision. Designs can often be completed on the same day. Danny mentions, "There's not a request that's too original. Happy Jewelers loves to help people create something that's about them and their life, whatever that may be."

Happy Jewelers also offers same-day service for typical jewelry needs. These include watch battery replacement, engraving, and even custom jewelry design consultations. "Investments have been made in talent and hardware to support same-day service," stated co-owner Danny Arik. "Time is precious, and our clients should not have to wait for quality."

In today's uncertain market, Happy Jewelers has seen more and more people resort to hard assets like gold and diamonds. They've noticed an uptick in customers wanting to sell gold

jewelry or trade it in for a new purchase. "There has certainly been an increase in purchases and trade-ins for gold," says Gabe. "They're trading in old items or investing in timeless designs that won't date." Happy Jewelers offers an easy process for selling broken jewelry, coins made of gold, and scrap gold for competitive prices.

While big box and online retailers dominate the market, Happy Jewelers and Gabe and Danny Arik are proud to be in their lane, offering their clients one-of-a-kind experiences, where they can trust in the quality of their jewelry and enjoy the convenience of same-day services. With their dedication to upholding honesty, education, a customer-first approach, and premier service, Happy Jewelers continues to shine as a beacon of excellence in the world of custom jewelry and gold buying.
