

QuickMechs Expands – Smarter, Faster Auto Service App

QuickMechs launches interest-free car repairs with instant bookings, full payments for mechanics, and real-time updates for drivers.

ATLANTA, GA, UNITED STATES, May 23, 2025 /EINPresswire.com/ --

QuickMechs, the growing auto-tech platform, is making waves in the car repair industry by solving one of the biggest pain points for car owners: affordability and access to trusted mechanics. With its standout Fix Now, Pay Later feature, QuickMechs allows users to get urgent vehicle repairs done instantly, while paying later, interest-free. Mechanics, meanwhile, get paid in full.

“

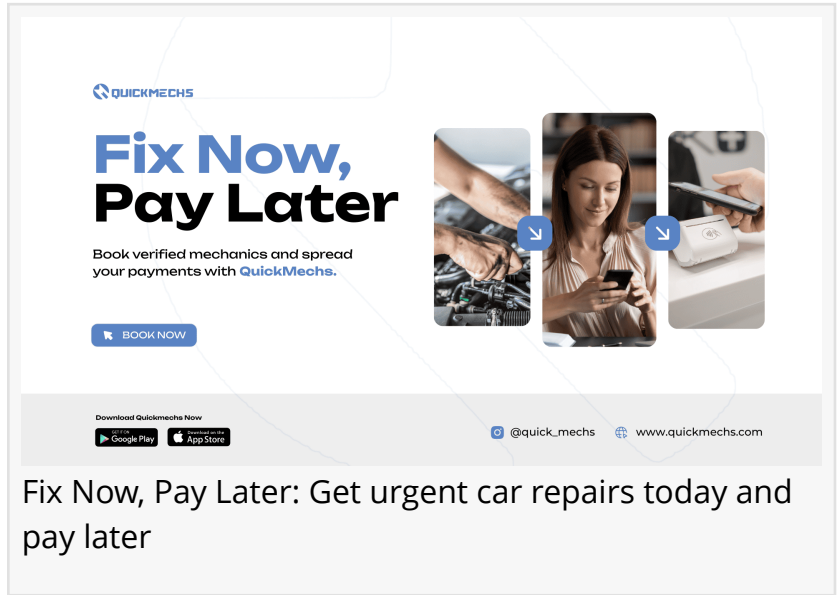

We're making car repairs easier, faster, and more affordable, for both drivers and mechanics.”

Ayobami Akanbi, Founder of QuickMechs

and more, all from their phones.

Features on the QuickMechs app:

- Faster service requests with a smoother, upgraded app experience
- Real-time updates on mechanic arrival times and service progress

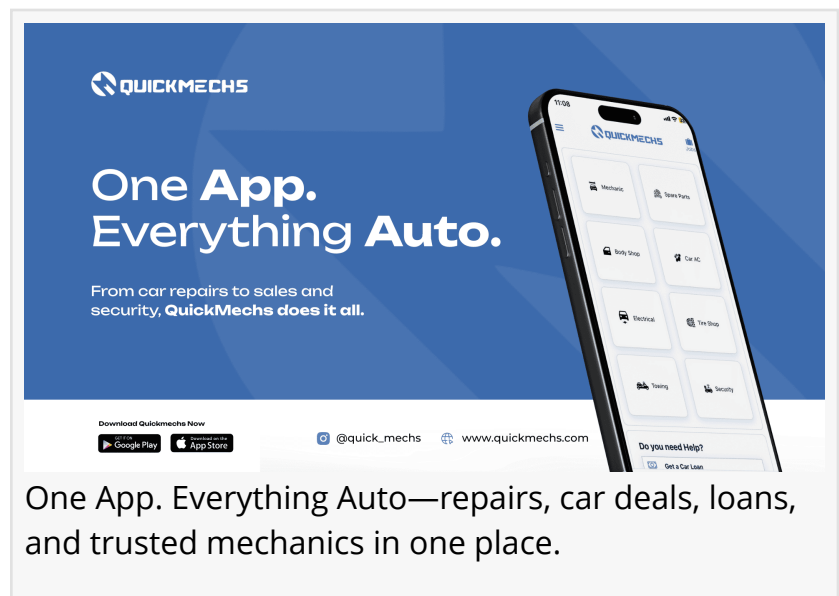

The graphic is a promotional banner for the QuickMechs app. It features the QuickMechs logo at the top left. The main headline reads "Fix Now, Pay Later" in large, bold, blue and black text. Below this, a sub-headline says "Book verified mechanics and spread your payments with QuickMechs." A blue button with a white car icon and the text "BOOK NOW" is positioned below the sub-headline. To the right of the text, there are three vertical panels: the first shows a hand working on a car engine, the second shows a woman looking at her smartphone, and the third shows a hand holding a credit card over a payment terminal. Arrows point from the first panel to the second, and from the second to the third. At the bottom left, there is a section titled "Download QuickMechs Now" with icons for Google Play and the App Store. At the bottom right, there are social media handles "@quick_mechs" and the website "www.quickmechs.com".

Fix Now, Pay Later: Get urgent car repairs today and pay later

Designed for today's busy drivers, QuickMechs connects users to certified mechanics who can come directly to their location, whether it's home, work, or anywhere in between. From tire changes and AC repairs to diagnostics and brake checks, QuickMechs is changing how cars are fixed

Since going live, QuickMechs has onboarded dozens of trusted mechanics and helped hundreds of drivers book services such as diagnostics, tire repair, electrical work,

- Transparent pricing with no hidden fees
- Expanded network of certified, vetted mechanics
- Full security system installations are now available
- New services include electrical repairs, tire changes, A/C repairs, and bodywork
- A new job board to connect users with automotive job opportunities

- Currently developing in-app towing support for stranded drivers
- Building an in-app social platform to connect the QuickMechs community
- Car Deals: Buy or sell vehicles directly through the app with secure transactions
- Get Car Loans: Access flexible financing options right from your mobile device
- Fix Now, Pay Later: Enjoy the convenience of deferred payments on major repairs

“We improved the QuickMechs app based on the feedback we got from our customers to better serve the day-to-day problems of Auto repairs,” said Ayobami Akanbi, founder of QuickMechs. “We built a solution that helps everyday drivers fix urgent issues without the financial strain, while also giving local mechanics a chance to grow their business with guaranteed payments.”

This phase marks QuickMechs’ continued growth. The company will continue to enhance its offerings based on real-time feedback while building lasting connections within the community.

With a rapidly expanding user base and increasing demand for stress-free auto repair, QuickMechs is positioning itself as the go-to solution for car owners who value convenience, trust, and transparency.
