

Global Online Hobby Classes For Kids Market Forecast: Key Growth Drivers, Trends, and Opportunities from 2025 to 2034

The Business Research Company's Online Hobby Classes For Kids Global Market Report 2025 – Market Size, Trends, And Global Forecast 2025-2034

LONDON, GREATER LONDON, UNITED KINGDOM, May 28, 2025

/EINPresswire.com/ -- The thriving online hobby classes for kids market is predicted to reach \$2.50 billion by

2025, marking a dramatic increase in size from \$2.17 billion in 2024, with a compound annual growth rate CAGR of 15.2%. This significant expansion can be attributed to a number of factors including the rise in children's screen time, an increased demand for extracurricular learning, advancements in online tutoring platforms, the growth of creative learning apps, and a requirement for virtual engagement during pandemic-induced lockdowns.

Online Hobby Classes For Kids Global Market Report 2025

How Big Is the [Global Online Hobby Classes For Kids Market](#) Expected to Grow, and What Is Its Annual Growth Rate?

The industry's rapid surge cannot be overemphasized as it is anticipated to almost double in size over the next few years, reaching an unprecedented \$4.36 billion by 2029 with a CAGR of 14.9%. Trends indicating this forecasted boom include rising consumer preference for personalized

hobby learning, an upturn in disposable income of urban families leading to expenditure on quality learning resources, the expansion of age-specific online programs, growing demand for flexible learning schedules, and an evolving focus on nurturing talent beyond academic intelligence.

In addition, the market forecast period promises the progression of gamified learning platforms, development of AI-based content recommendation tools, innovation in interactive live class

technologies, and the integration of Augmented and Virtual Reality AR/VR in teaching creative skills. Investment in adaptive learning software technology will also contribute to the sector's growth.
