WASHINGTON, DC, VA, UNITED STATES, June 11, 2025 /EINPresswire.com/ -- Longlisted in Uncharted Mag's novel excerpt contest, [STRANGE SHAPE OF LOVE](#) is a gripping suspense novel that tackles the dark intersections of love, trauma, and social media. Timely and emotionally complex, the book explores the aftermath of revenge porn and the resilience of a woman who refuses to be silenced.

Charlotte Cooper, a thirty-year-old New York journalist, is assigned to London—a place steeped in memories she'd rather forget. A second chance at professional fulfillment and personal healing seems within reach, especially when she reconnects with Rafe, the artist she once loved. But just as her life begins to stabilize, Charlotte receives an anonymous envelope containing explicit photos of herself from years past. The message is clear: abandon her career, home, and lover—or face public humiliation. With two weeks to uncover the source, Charlotte must navigate buried secrets, the powerful men who seek to control her, and the difficult truths that could cost her everything.

EARLY PRAISE FOR *STRANGE SHAPE OF LOVE*

[Herta Feely's](#) *Strange Shape of Love* is a gripping, twisted mystery, a second-chance romance, and a provocative, adrenaline-filled thriller for fans of *Gone Girl* and Winnie M Li's *Complicit*. Through the lens of a pulse-pounding adventure, Feely confronts some of today's most urgent societal, cultural, and personal issues: gendered power

dynamics, sex trafficking, race, class, and what it means to love and forgive despite the scars of

the past. I tore through this book in two days and was amazed, both at the scope of the story and the courage and passion of its author.
