

# MicroTouch Mach Line of Touch Solutions Now Available with TrueOrder Kitchen Display System (KDS) from Epson

*Joint Solution to Streamline Hospitality Back-of-House Operations*

MARYVILLE, TN, UNITED STATES, June 10, 2025 /EINPresswire.com/ --

[MicroTouch](#)<sup>™</sup>, a leading provider of capacitive touch solutions, today announced its Mach All-in-One Touch Computer solutions are now available

with [TrueOrder<sup>™</sup> Kitchen Display System \(KDS\)](#) from Epson, a global leader in printing and technology solutions, delivering a seamless, high-performance kitchen display solution to restaurants and hospitality venues. By combining the innovative TrueOrder KDS software with

MicroTouch's powerful and reliable touch computing hardware, restaurants are empowered to streamline back-of-house operations, reduce ticket times, and enhance the overall guest experience.

“

Our collaboration with Epson brings together two industry leaders with a shared goal, to equip restaurant teams with technology that's easy to deploy, reliable under pressure and is scalable”

*Scott Smith, Vice President of Product Solutions at MicroTouch*

“At MicroTouch, we're committed to providing innovative solutions that meet the evolving needs of hospitality environments,” said Scott Smith, vice president of Product Solutions at MicroTouch. “With our deep expertise in touch technology and a dedicated focus on hardware, we've engineered systems that stand up to the most demanding conditions. Our collaboration with Epson brings together two industry leaders with a shared goal, to equip restaurant teams with technology that's easy to deploy,

reliable under pressure, and designed to scale with their business.”

As specialists in hospitality solutions, MicroTouch offers models purpose-built for KDS applications, featuring commercial-grade durability and sleek, fanless designs that perform reliably in hot, high-traffic kitchen environments. Each unit is engineered for future-proof performance, a hallmark of MicroTouch's innovation-driven approach to advancing touch

technology across industries.

“TrueOrder KDS was created with flexibility and reliability in mind, and MicroTouch’s All-in-One Touch Computer is a perfect hardware solution to help us deliver on that promise,” said Tessa Kohl, product manager, DX Solutions, Epson America, Inc. “This integrated solution provides restaurant operators with the confidence and tools they need to succeed in high-volume, high-demand kitchens.”
