

Isa Marina Announces New Single 'Volver' A Dreamy Confession of Love Rediscovered

"Volver" marks the first release from her forthcoming genre-bending EP, Eros, out this October.

MIAMI, FL, UNITED STATES, June 18, 2025 /EINPresswire.com/ -- [Isa Marina](#) returns with "Volver", an emotionally rich single that explores the tender terrain of love lost—and found again. Out June 18, the track marks a bold new chapter in Isa's genre-fusing journey, blending reggaetón, R&B, and pop into a euphoric soundscape rooted in vulnerability, harmony, and divine timing. "Volver" is a hypnotic, emotionally charged track that serves as the first taste of her highly anticipated EP "Eros", due out in October.

"Volver" was born from a moment of emotional clarity—one of those rare spaces between dreams and memory, where the heart whispers what pride tries to silence. Inspired by the idea that sometimes love doesn't truly end, it just pauses, the song channels Isa's belief in spiritual connection and surrender: that love comes back when it's meant to.

"This song came to me as both a surrender and a homecoming," says Isa. "It's about letting go of ego and recognizing that real love never fully disappears—it just waits for the right time to return."

Produced by Jayallen (Jared Allen Grant), directed by Caliber Visions from Onzyte Productions and written by Isa herself, "Volver" is about two people who drifted apart but never truly let go. The track features layered vocal harmonies, influences from '90s R&B, and a steady rhythm that supports its message of reconnection.
