This program aims to provide support and resources for individuals struggling with addiction while incarcerated, with the goal of helping them achieve long-term recovery upon release.

The Larimer County Detention Facility Ministry will offer a variety of services, including group therapy, individual counseling, and educational workshops on addiction and recovery. The program will also provide access to resources such as job training, [sober living & long-term residential treatment assistance](#), and support groups to help individuals successfully reintegrate into society after their release.

According to the National Institute on Drug Abuse, approximately 85% of incarcerated individuals meet the criteria for substance use disorder, yet only a small percentage receive treatment while in jail or prison. New Life Recovery Center hopes to bridge this gap by offering evidence-based treatment and support to those in need.

"We are thrilled to launch our Detention Facility Ministry in Larimer County. Our team is dedicated to helping individuals break the cycle of addiction and rebuild their lives. By providing support and resources to those who are incarcerated, we hope to make a positive impact on
