

# Julia Miralles Releases New Single: 'Just One Minute (What a Waste)'

PA, UNITED STATES, June 23, 2025 /EINPresswire.com/ -- Rising indie-pop artist Julia Miralles is set to release her bold and emotionally-charged new single, "Just One Minute (What a Waste)," on June 27, 2025. The track, available now for pre-save and pre-release streaming [here](#), showcases Julia's signature lyrical vulnerability and soaring vocals, wrapped in a richly dynamic production.

The single was produced by John Faye, acclaimed frontman of The Caulfields, and mixed and mastered at the legendary Studio 4 in Conshohocken, PA.

"Just One Minute (What a Waste)" explores the weight of emotional miscommunication and the brief but painful moments that can define — and undo — a connection. Julia's poignant lyrics and raw delivery cut to the core, capturing the complexity of heartbreak in just under four minutes.

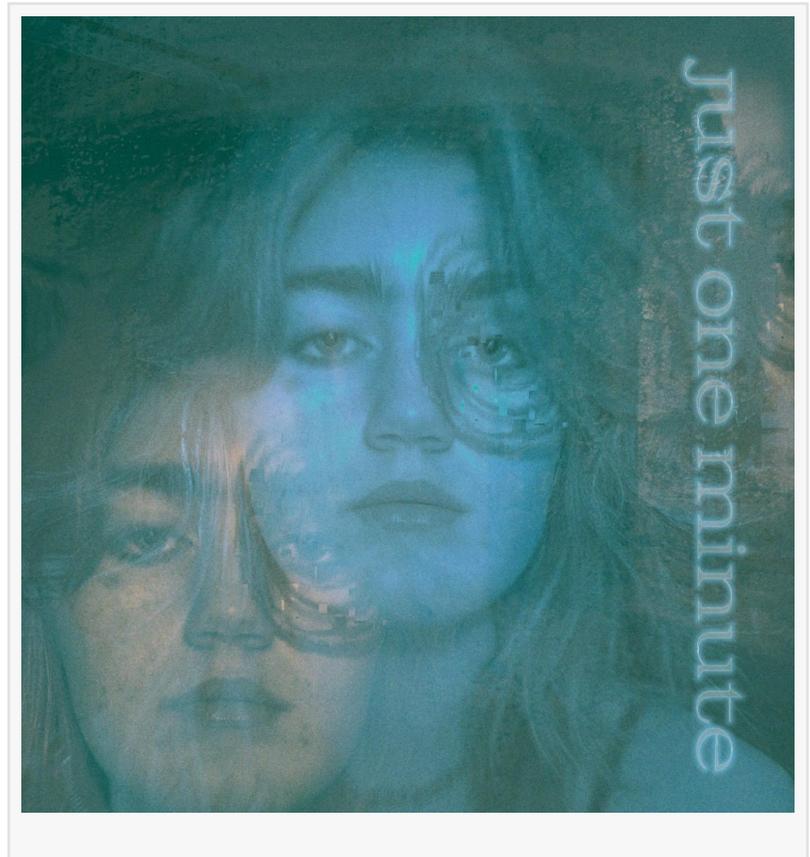

“

I wanted to capture how it feels when a single moment undoes everything — and how powerless that can make you feel”

“I wanted to capture how it feels when a single moment undoes everything — and how powerless that can make you feel,” says Miralles. “Working with John and recording at Studio 4 made it possible to bring that vision to life.”

The single is Julia's most polished and personal release to date and marks the beginning of a new chapter in her evolving sound — blending alt-pop energy with intimate storytelling.
