## A Revolutionary Stabilizing Solution

The AnchorBoard is a lightweight, durable platform engineered to prevent the TrunkMate BlitzBed from slipping or shifting, while leveling the vehicle's interior to create a flat, comfortable sleeping surface. Seamlessly integrating with the BlitzBed systems, it ensures a stable foundation for restful sleep, no matter the terrain. Its modular design allows for quick setup and compatibility with a wide range of vehicles.

Key features of The AnchorBoard include:

**Secure Anchoring System:** Built-in anchor points lock the BlitzBed in place, preventing movement during use.

**Leveling Technology:** Compensates for uneven vehicle floors to create a perfectly flat sleeping platform.

**Skid-Resistant Surface:** Constructed with durable Heksa material to enhance grip and stability.

**Lightweight and Compact:** Weighs just 15 pounds and folds discreetly into the trunk when not in use.

**Universal Compatibility:** Fits hundreds of SUVs, minivans, and trucks, backed by a 100% fit guarantee.

**Easy Installation:** Assembles in under 15 minutes with no vehicle modifications required.
