JAESTRETE MAGAZINE CELEBRATES THE POWER OF RESILIENCE

MIAMI, FL, UNITED STATES, July 6, 2025 /EINPresswire.com/ -- [Jaestrete Magazine](#) proudly presents "The [Majesty](#) Issue," a bold and inspiring celebration of resilience, authenticity, and

“

Majesty is more than a magazine; it's my reminder that power doesn't always come loud. Sometimes it shows up in quiet resilience, in starting over, in believing again.”

Jolanda Bostick

undeniable greatness, featuring Constance Jones, the acclaimed NBC 6 News anchor and 2x Emmy-nominated journalist, on the cover. Known for her integrity, poise, and commanding voice, Constance represents everything the Majesty Issue stands for.

Founded by visionary author, poet, and scriptwriter Jolanda S. Bostick, Jaestrete Magazine was born from the hearts of readers hungry for something real, raw, and relatable. Jaestrete Magazine is a creative space that brings stories and style to life. What began as a simple newsletter

transformed into a full-fledged magazine at the demand of a growing community.

Jolanda's words say it best:

"Majesty is more than a magazine; it's my reminder that power doesn't always come loud. Sometimes it shows up in quiet resilience, in starting over, in believing again. This publication holds space for the real stories. The ones that don't skip the struggle. The ones that inspire you to keep going. To me, Majesty means showing up as your full self, flawed, faithful, and fired up to make a difference. It's proof that success isn't always pretty, but it's always possible. As someone who lost everything twice and still chose to create, Majesty is a piece of my comeback. It's rooted in pain, purpose, and the promise that what you build can outlive what tried to break you."

Creative Director and Co-Founder Takia Rucker brings bold visuals and creative excellence to every page. Her lens captures the raw beauty and power of rising stars and changemakers. "Jaestrete is about honoring the icons who haven't yet been crowned. We celebrate the underdogs. The legends in the making. That's what makes us legendary."
