

WattCycle Prime Day Sale Offers Deep Cycle LiFePO4 Batteries at 2025's Lowest Prices

LOS ANGELES, CA, UNITED STATES, July 10, 2025 /EINPresswire.com/ --

WattCycle today announces its 2025 Prime Day Sale, running from July 1 through July 12. During this limited-time event, every deep cycle LiFePO4 battery on WattCycle will be available at the lowest prices offered all year. In addition, registered members will earn double Wattpoints on every purchase throughout the sale, unlocking even greater savings on future orders.

WattCycle is a distinguished manufacturer dedicated to the design and production of premium LiFePO4 deep cycle batteries. Leveraging rigorous quality controls and advanced cell chemistry, WattCycle batteries deliver sustained performance and extended service life under demanding conditions. Each battery cell of the WattCycle is equipped with EV A+ grade cells. It can achieve 15,000+ cycles at a 60% DOD (Depth of Discharge) and 6,000+ cycles at a 100% DOD. Renowned for their robustness and consistency, these batteries empower marine vessels, RVs and off-grid power systems with dependable energy storage—even in harsh environments where reliability is critical.
