

Careficient and Qualis Announce Strategic Partnership to Support Hospice Providers

A new partnership between Careficient and Qualis aims to reduce administrative friction and improve care delivery for hospice teams.

JENSEN BEACH, FL, UNITED STATES, July 16, 2025 /EINPresswire.com/ --

[Careficient](#), a leading EMR provider for home health and hospice agencies, has announced a strategic partnership with [Qualis](#), a premier provider of durable medical equipment (DME) services, to better support the evolving needs of hospice care teams.

The collaboration brings together Careficient's end-to-end agency management platform with Qualis's high-touch DME delivery model to reduce administrative friction and improve

operational efficiency for [hospice providers](#). Together, the two companies are working to streamline processes and eliminate common workflow challenges that take time away from patient care.

“

This partnership reflects our shared commitment to reducing complexity and giving hospice teams more time to focus on patient care.”

*Brad Caldwell, President of
Careficient*

“As a high touch service provider, we are constantly trying to find ways to deliver efficiencies to our clients. As a result, Qualis is excited to partner with Careficient to deliver time-saving integrations for our mutual customers,” said Rob Stolz, Chief Strategy Officer at Qualis.

By aligning resources and leveraging shared values around service and innovation, Careficient and Qualis aim to simplify the experience for clinical and administrative staff while accelerating access to essential equipment for patients.

“At Careficient, we're committed to building partnerships that reduce complexity for our providers,” said Brad Caldwell, President of Careficient. “Working with Qualis enables us to create

meaningful solutions that make a difference in the day-to-day lives of hospice professionals.”

Both companies are excited about the possibilities this partnership creates, and the innovation still to come.
