[South Bend to Spring Valley: The Davids-Sims Story](#)

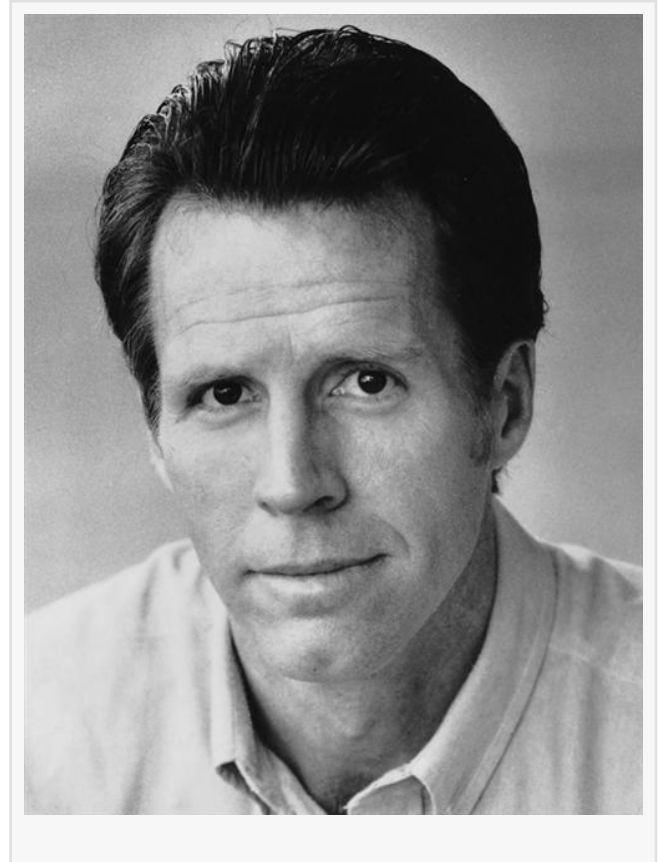

by Eric and Joyce Christianson is a poignant and timely true story that sheds light on the healing power of human connection in the face of adversity.

Set against the social and political turmoil of the 1960s, this moving narrative follows the remarkable bond that formed between the Davids and Sims families. What began as a long-distance letter exchange soon evolved into a brotherhood that defied racial norms and societal expectations. While media attention brought scrutiny and skepticism, both families stood firm in their shared values, offering a living example of the Christian fellowship Dr. Martin Luther King, Jr. so often preached.

Told through deeply personal reflections and preserved correspondence, South Bend to Spring Valley brings to life the warmth and trials of an unlikely friendship that continues to inspire across generations. It is a compelling call to action for anyone yearning for unity in today's divided world.

□ A powerful true story of friendship, faith, and the enduring power of empathy.

"This book was born from a promise," shares Christianson. "My wife experienced these events as

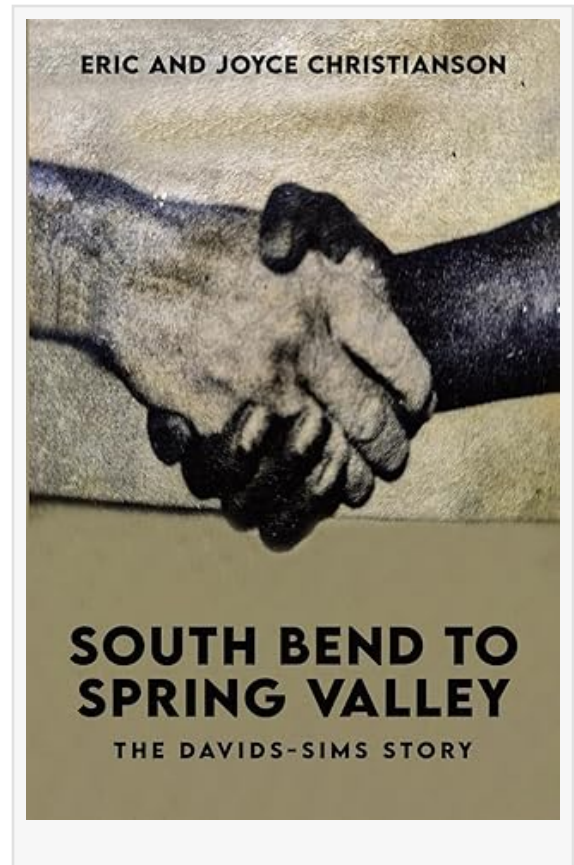

a child and always dreamed of sharing this story. Sadly, health issues prevented her from completing her journey, but before she passed, she asked me to finish what she started. This is her legacy—and now, ours.”

With no previous books to his name but a life filled with diverse experiences—as a teacher, DJ, tour guide, and actor—Christianson brings a uniquely empathetic voice to this important narrative. His debut work invites readers to reflect on their own capacity for kindness and to consider the quiet revolutions that can begin with a single act of goodwill.
