and Co-Founder*

“We're passionate about helping performance-driven call centers grow,” said Nima Hakimi, CEO and Co-Founder of Convoso. “That means delivering practical AI solutions that solve real challenges for sales leaders. This tool is just one example of how we're empowering teams to work smarter, engage prospects more effectively, and ultimately drive better results. We're proud to make it available for free to support the broader outbound sales community.”

Built to Help Call Centers Sell Smarter

Convoso developed the AI Script Generator in collaboration with digital marketing agency [9thCO](#), blending proven sales best practices with advanced AI to accelerate script creation and improve performance across the sales floor.

“We’re proud to collaborate with Convoso to bring this AI tool to market,” said Justin Cook, President at 9thCO. “Their commitment to practical innovation and deep understanding of sales team needs made them an ideal partner. Together, we’ve created a solution that helps call centers move faster, connect more intelligently with prospects, and drive measurable growth.”

Key Benefits for Revenue-Focused Call Centers

Smarter conversations, faster

Enables the rapid generation of high-performing sales scripts tailored to specific audiences — without the need for external writing support.

More time for revenue-driving activities

Automates the manual process of script development, allowing sales teams to focus more time on engaging prospects and closing deals.

Consistent messaging across teams

Helps ensure that every agent communicates with alignment to brand messaging and value propositions, regardless of experience level.

Flexible and easy to customize

Allows sales leaders to adjust scripts quickly to support evolving campaigns, audience segments, or performance insights.

Aligned with a growing industry trend

Supports the shift toward AI adoption in sales, which has [grown from 24% in 2023 to 43% in 2024](#), according to HubSpot.

Powering the Future of Outbound Sales

Convoso’s new AI Script Generator is the latest in a series of strategic innovations aimed at helping outbound sales teams convert more leads, reduce time-to-sale, and scale revenue. Launching soon, Convoso Ignite™ delivers the intelligence and automation needed to dynamically manage the full DID (phone number) lifecycle proven in beta to accelerate contact rates and lower costs. From advanced dialer technology to real-time performance insights, the company continues to invest in AI-powered tools that help high-performing call centers thrive in an increasingly competitive sales environment.
