

# Global Emergency Medicine Community to Converge in India for World Resuscitation Congress - WRC 2025

*World Resuscitation Congress (WRC) 2025 - India's 1st Global Resuscitation Congress, Bringing Together 2,000+ Experts from 25+ Countries, 20+ Live Workshops*

MADURAI, TAMILNADU, INDIA, August 7, 2025 /EINPresswire.com/ -- The countdown begins. The World Resuscitation Congress (WRC) 2025, one of the most anticipated international gatherings in resuscitation science and emergency medicine, is set to take place from 4th to 7th December 2025 in Madurai, Tamil Nadu, India.

Join WRC 2025 - 4th to 7th Dec. at Madurai, India

Hosted by the Indian College of Emergency Medicine (TICEM) as part of its Annual Scientific Summit, and proudly supported by Meenakshi Mission Hospital & Research Centre and Meenakshi Super Speciality Hospital, both based in Madurai, WRC 2025 marks the first time India hosts this global movement. The event is expected to welcome over 2,000 delegates and faculty from 25+ countries across healthcare, trauma, critical care, disaster response, and prehospital medicine.

Themed "Bridging Borders for Better Resuscitation," WRC 2025 goes beyond a conventional conference. It serves as a global platform to accelerate resuscitation protocols, policy frameworks, simulation-based education, and system-level transformation. Key focus areas include cardiac arrest survival, trauma systems, pediatric and maternal resuscitation, neuroemergencies, AI-driven emergency care, and toxicological crises.

"WRC 2025 is an opportunity for India to lead the global resuscitation dialogue. Whether you're a doctor, nurse, frontline paramedic, or policy leader, this is your platform to learn, lead, and inspire," said Dr. Narendra Nath Jena, Organizing Chairperson and Director, Institute of

Emergency Medicine, Meenakshi Mission Hospital.

Attendees will immerse themselves in a dynamic four-day experience, including two days of global scientific sessions (December 6–7) and two days of immersive, hands-on simulation workshops (December 4–5). The congress features Young and Senior Faculty Talks, SIM WAR™—India's premier resuscitation simulation championship, abstract presentations, AI innovation showcases, ethics forums, and community CPR campaigns.

Designed for a broad spectrum of professionals—emergency physicians, critical care experts, nurses, paramedics, first responders, students, trauma system leaders, healthtech innovators, researchers, and simulation educators—WRC 2025 is a transformative platform for learning, collaboration, and leadership in resuscitation science.

Don't miss the opportunity to secure your place at discounted rates before the early bird window closes on 31 AUGUST 2025

Set in Madurai, the 2,500-year-old cultural capital of Tamil Nadu, WRC 2025 offers a uniquely inspiring venue—blending India's spiritual heritage with its emergence as a healthcare innovation hub. Home to the iconic Meenakshi Amman Temple and world-class medical institutions, Madurai represents a living legacy of healing, research, and learning.
