

Equipment Maintenance Technicians Expands Ground Thaw Services Across Metro Denver

Equipment Maintenance Technicians expands its ground thaw services to better serve construction and industrial clients throughout the Denver metro area.

AURORA, CO, UNITED STATES,
September 1, 2025 /EINPresswire.com/
-- Equipment Maintenance Technicians Expands Ground Thaw Services Across Metro Denver

[Equipment Maintenance Technician](#)

has announced the expansion of its ground thaw services to better serve construction, utility, and industrial

clients in the Denver metro area. The service upgrade is designed to help businesses maintain project schedules despite Colorado's challenging winter conditions.

Using advanced ground thaw heater equipment, EMT can now deploy more units and trained technicians to jobsites across the region. These systems are essential for keeping excavation, concrete curing, and underground utility work on track during freezing temperatures. The company's expanded capabilities ensure faster response times and increased availability for time-sensitive projects, complementing its full range of repair offerings, including [mobile heavy equipment repair](#)

“

Our expanded ground thaw capabilities help projects stay on track year-round.”

A Word from the Owner

“Our expanded ground thaw capabilities help projects stay on track year-round,” said Zal Hyde, Owner of EMT. “This investment allows us to serve more clients across the Denver metro area with the same level of quality and reliability they’ve come to expect.”

About Equipment Maintenance Technicians

Based at [13780 E. Smith Drive Aurora, CO 80011](#), EMT has provided trusted equipment maintenance and repair services for over 30 years. The company specializes in heavy machinery, fleet service, and seasonal solutions such as ground thawing. With both in-shop and mobile services available, EMT is committed to keeping Colorado businesses operating efficiently in all conditions.
