PARAMUS, NJ, UNITED STATES, August 12, 2025 /EINPresswire.com/ --

SmartSites, a full-service digital marketing agency, is proud to announce its inclusion on the prestigious 2025 Inc. 5000 list of America's fastest-growing private companies, securing the rank of no. 3418. The annual Inc. 5000 ranking recognizes innovative businesses that

have demonstrated outstanding revenue growth over the past three years, representing the most dynamic segment of the U.S. economy.

This marks another significant milestone for SmartSites, reflecting the agency's dedication to delivering measurable results through innovative digital marketing strategies. It is particularly noteworthy because less than 1% of American companies has ever achieved this feat. Since its founding, SmartSites has helped thousands of businesses strengthen their online presence and drive tangible growth through [digital marketing services](#) including SEO, PPC, web design, [social media marketing](#), and email campaigns.

“

This achievement proves our ability to adapt fast in a demanding environment while keeping our clients' success at the core of everything we do.”

Alex Melen, Co-CEO and Co-Founder of SmartSites

“Being recognized on the Inc. 5000 list is a huge honor that speaks to the hard work of our team and the trust of our

clients,” said Michael Melen, Co-CEO and Co-Founder of SmartSites. “We are highly committed to pushing the boundaries of what’s possible in digital marketing and helping businesses of all sizes achieve their online marketing goals.”

Alex Melen, Co-CEO, added, “This achievement proves our ability to adapt fast in a demanding

environment while keeping our clients' success at the core of everything we do. Our team's technical expertise and unwavering dedication have been the driving forces behind our growth."

The Inc. 5000 Conference & Gala will take place October 22–24, 2025, in Phoenix, Arizona, bringing together honorees from across the country to celebrate achievements and share insights. For SmartSites, this recognition serves as both a celebration of past successes and a motivator to continue innovating in the years ahead.
