

# Concierge Medical Arts Showcases Results with Candela Matrix® Platform: A Revolutionary Approach to Skin Health

*Now in Fayetteville: Concierge Medical Arts Continues Delivering Next-Generation Aesthetic Solutions with the Candela Matrix®*

FAYETTEVILLE, NC, UNITED STATES, August 13, 2025 /EINPresswire.com/ -- [Concierge Medical Arts](#) is proud to highlight its continued success with the [Candela Matrix®](#), a state-of-the-art device that has been a cornerstone of its advanced aesthetic offerings. Having integrated this powerful technology into its treatment menu for some time now, the clinic is seeing outstanding client outcomes in skin rejuvenation, hair removal, and collagen stimulation—reinforcing its reputation as a leader in non-surgical aesthetic care.

## About the Matrix® Platform

More than just RF microneedling, the Matrix® system is a complete skin renewal platform that redefines the approach to non-surgical aesthetic care. This all-in-one system is built to deliver personalized treatments across multiple skin layers, targeting tone, texture, and laxity. Its advanced, real-time impedance monitoring ensures each pulse is perfectly calibrated for consistent results. By stimulating natural collagen production and adapting to each patient's unique skin concerns, Matrix® empowers Concierge Medical Arts to achieve visible, natural-looking outcomes with greater confidence in every treatment.

Using three complementary technologies, the Matrix® platform allows Concierge Medical Arts to treat diverse skin concerns across all skin layers with one treatment name, The Matrix® Treatment:

Concierge Medical Arts Staff with the Candela Matrix Device

RF Microneedling: Stimulates collagen with precision at up to three depths in one insertion for wrinkle reduction, skin tightening, and volume restoration.

Fractional Resurfacing & Ablation: Improves texture and tone by delivering fractionated bipolar RF energy to resurface skin and reduce fine lines and wrinkles.

Bulk Heating: Combines infrared and bipolar RF energies to smooth superficial and deeper dermal layers without needles or downtime.

Matrix® treatments address a wide variety of skin concerns in a single, efficient system—boosting patient satisfaction and practice performance.

What Makes Matrix® Different?

Matrix® reframes aesthetic care from a technology-centric narrative to an outcome-driven solution. It treats the most common concerns such as skin laxity, fine lines and wrinkles, sagging, and uneven tone while offering benefits like:

Customized treatments for all skin tones and types.  
Visible results with minimal downtime.

“

We are thrilled with the outstanding results our patients at Concierge Medical Arts have gotten with the matrix pro system by Candela. For both prevention and treatment - it has been phenomenal.”
