

Today the World Unites to Celebrate Never Give Up Day

From personal struggles to global challenges, August 18 unites the world in honoring resilience, courage, and the unstoppable spirit to never give up

LONDON, UNITED KINGDOM, August 18, 2025 /EINPresswire.com/ -- Today, millions of people across the globe come together to celebrate [Never Give Up Day](#), a worldwide observance dedicated to resilience, perseverance, and the spirit of determination that drives humanity forward.

From New Zealand to the United States, individuals, organizations, and communities mark this day by honoring those who refuse to surrender in the face of hardship. Whether it's a patient fighting illness, a teacher lifting up struggling students, a small business owner keeping doors open, or an everyday hero supporting a loved one — Never Give Up Day reminds us that courage and persistence unite us all.

"What makes Never Give Up Day so powerful is that it belongs to everyone," says Alain Horoit, Founder of Never Give Up Day. "No matter who you are, no matter where you are in life, this day reminds you that your strength, your story, and your fight matter. Today is a reminder that
