

Cinnamon Hakuraa Huraa Maldives Highlights Sunset Lagoon Views with Overwater Bungalows

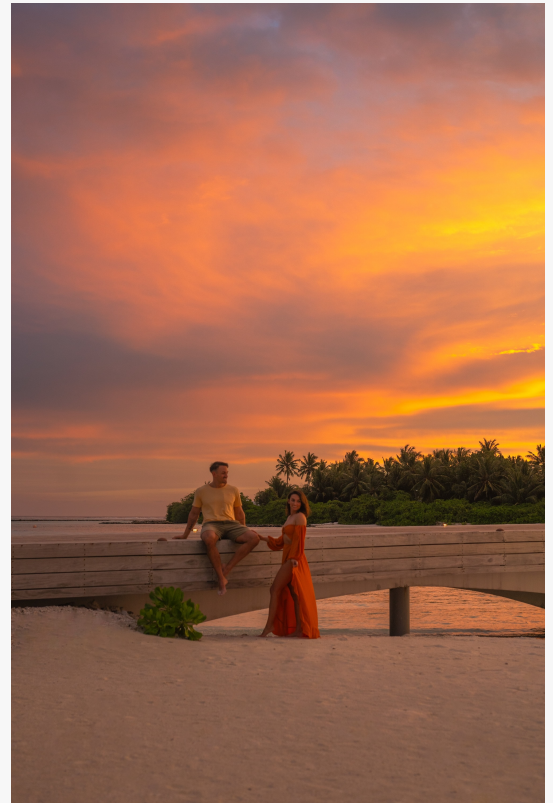

MALDIVES, August 18, 2025 /EINPresswire.com/ -- [Cinnamon Hakuraa Huraa Maldives](#) is drawing attention to its overwater bungalows that provide uninterrupted views of the lagoon, particularly during sunset hours. The property, located in Meemu Atoll, continues to position itself as part of a growing trend where travellers seek immersive stays that connect them more closely to the natural surroundings of the Maldives.

The resort's design emphasises the setting of the Indian Ocean, with water bungalows elevated above the lagoon, offering direct access to the sea. According to hospitality observers, such accommodations reflect the increasing demand for stays that balance privacy with access to nature.

Evening views from the resort have become a focal point for guests, with sunsets casting reflections across the lagoon and creating opportunities for relaxation and photography. This element of the stay aligns with wider travel patterns in the region, where natural landscapes are becoming central to guest experiences.

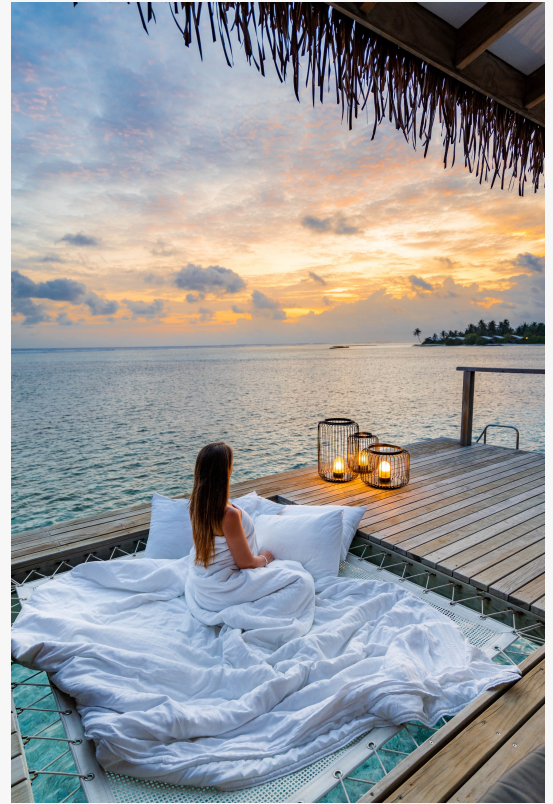

Cinnamon Hakuraa Huraa Maldives forms part of the Cinnamon Hotels & Resorts portfolio, which operates multiple properties across the Maldives and Sri Lanka. The group has been expanding its guest offerings in line with traveller preferences for authentic and environmentally conscious stays.
