Developments in BCI technology and rising number of gaming industries implementing BCI technologies drive the growth of the global brain computer interface market. On the other hand, lack of expertise in implementing the BCI systems, several cyber security threats arising with BCI systems, and ethical issues ensuing due to the implementation of BCI technologies impede the growth to some extent. Nevertheless, increasing adoption of sensor technologies and emerging opportunities in the healthcare sector are expected to create lucrative opportunities in the industry.

The market is segmented on the basis of component, type, application and region. The component segment is bifurcated into, Hardware and software segment, The type segment includes invasive BCI, non-invasive BCI and partially invasive BCI. According to application, the BCI market is segmented into communication & control, healthcare, smart home control, entertainment & gaming, and others. Based on region, the market is analyzed across North America, Europe, Asia-Pacific, and LAMEA.

The key market players analyzed in the global brain computer interface market report include Nihon Kohden Corporation, Cadwell Laboratories Inc., Integra LifeSciences, OpenBCI, Advanced Brain Monitoring, Inc., Cortech Solutions, Inc., NeuroSky, Inc., Emotiv, Inc., and Guger Technologies Natus Medical Incorporated.

COVID-19 Scenario-

□ During the COVID-19 pandemic, organizations that already deployed brain computer interface earlier have been able to quickly adjust to the new variant of virus. The lesser contact between humans and machines have helped them achieve their business goals irrespective of the unprecedented circumstances.

□ Also, people have started investing more money and time in personal technology such as smart wearables, which in turn boosted the global brain computer interface market.

Thanks for reading this article, you can also get an individual chapter-wise section or region-wise report versions like North America, Europe, or Asia.

If you have any special requirements, please let us know and we will offer you the report as per your requirements.

Lastly, this report provides market intelligence most comprehensively. The report structure has been kept such that it offers maximum business value. It provides critical insights into the market dynamics and will enable strategic decision-making for the existing market players as well as those willing to enter the market.
