In a heartfelt ceremony taking place today at the Milwaukee County War Museum, U.S. Bank and nonprofit partner [VETCares](#) are presenting a donated vehicle to Navy veteran Charles Doyle as part of the Driven to Serve initiative.

“

VETCARES believes every veteran deserves not just a thank-you—but real, life-changing support”

The event is being held from 2:00 to 3:00 p.m. at the Milwaukee County War Museum, honors Doyle—a Milwaukee-area resident, Navy veteran, technologist, and devoted family man—whose health and mobility challenges have made reliable transportation a critical need.

“Charles’s dedication to service, family, and scientific research embodies the values we’re proud to support,”

said Souheil Badran, senior executive vice president and chief operations officer for U.S. Bank. “By partnering with VETCares, we are ensuring that veterans like Charles regain access to essential care and opportunity.”

Charles served six years in the U.S. Navy as a photographer, supporting missions across the globe—from Australia to the North Pole. A former systems engineer, he has continued contributing to research and caring for his family despite health setbacks.

“VETCARES believes every veteran deserves not just a thank-you—but real, life-changing support,” said Son Nguyen, President of VETCares. “This vehicle is more than transportation—it’s a symbol that Charles’s service and sacrifice are honored and remembered.”

VETCares and U.S. Bank extend special thanks to the Milwaukee County War Museum for generously donating their historical venue and hosting the event in honor of Charles and all those who've served.
