FT LAUDERDALE, FL, UNITED STATES, August 22, 2025 /EINPresswire.com/ -- WALK FOR LIVES is a movement that honors the memory of those lost to overdose, especially from opioids and fentanyl poisoning, while demanding bold action to confront the epidemic devastating families across the country.

The event in South Florida is being organized by [The Robin Foundation](#) and The South Florida Network 2 nonprofits dedicated to advocacy, education, and healing in the face of addiction and overdose loss. Co-founders Chris-Cristina Cavallo and a committed team of volunteers are working alongside South Florida Wellness Network and its visionary CEO, Susan Nyamora — one of the nation's most respected voices in recovery and mental health — to bring this movement to life.

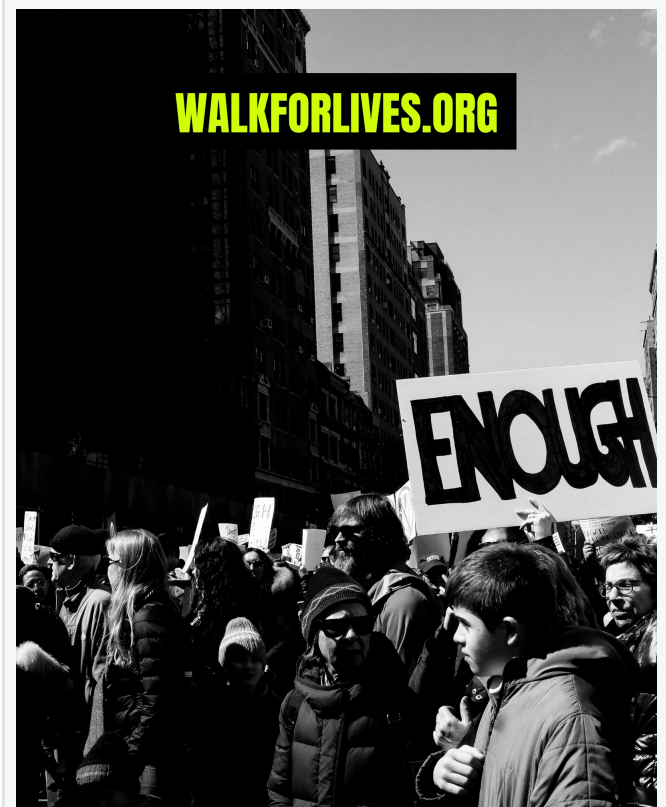

"WALK FOR LIVES" is not just a walk — it's a call to action. It's a collective cry for justice, compassion, and urgent reform. We are walking for our lost loved ones. We are walking for change," said Cristina Cavallo
