

Equator Advanced Appliances Launches Quiet and Efficient Dishwasher + Garbage Disposer Duo

HOUSTON, TX, UNITED STATES, October 10, 2025 /EINPresswire.com/ -- After the last glass is emptied and the kitchen grows quiet, cleanup begins. Equator Advanced Appliances has unveiled its latest pairing—the 24-inch Full-Size [Dishwasher and GD 075](#) Garbage Disposer—engineered to make that ritual nearly effortless. Together, the appliances combine quiet power, smart design, and durability to handle dishes and food waste with ease.

The Equator 82 Dishwasher is built with a generous 14-place setting capacity, perfectly suited for family households or entertainers. At just 51 dB, the unit cleans discreetly in the background while conversations continue. Measuring 33.5" H x 23.5" W x 22.5" D, it offers versatility with two adjustable-level racks, a foldable top rack, and dual spray arms for consistent washing performance. Eight programs—including Heavy, Eco, Pots & Pans, Delicate, Fast 50, and Rinse—allow users to tailor cycles to their needs, while sanitize and sterilization functions use high-heat water to ensure germ-free dishes. A half-load option, rinse aid indicator, and stainless steel micro-filter further optimize convenience and efficiency.

Equator Advanced Appliances Launches Quiet and Efficient Dishwasher + Garbage Disposer Duo

Alongside the dishwasher is the Equator GD 075 Garbage Disposer, a 3/4 HP continuous-feed system designed for performance and longevity. Operating at 1700 RPM, the disposer uses a 2-stage grinding system with stainless steel components to handle everyday food scraps with ease. Noise levels remain under 70 dB, thanks to ultra-quiet technology, making it a subtle companion in the kitchen. Compact at 12.6" H x 7.09" W x 7.09" D, the unit includes overload protection, a

removable water baffle, and rust-resistant construction. For seamless operation, the disposer directly connects with the dishwasher to manage drainage efficiently.

Both models are Energy Star rated and ADA compliant, ensuring energy efficiency and accessibility in modern kitchens. Available in stainless steel, black, or white finishes, the dishwasher complements a range of interior styles, while the disposer works quietly behind the scenes. Together, they redefine cleanup as something discreet, reliable, and effortlessly integrated into daily life.

About Equator Advanced Appliances

Established in 1991, Equator Advanced Appliances has been a pioneer in delivering innovative, eco-friendly solutions for homes, apartments, RVs, and marine environments. Headquartered in Houston, Texas, the company offers a wide range of products including washers, dryers, dishwashers, refrigerators, wine coolers, and climate control systems.
