

Oak City MedAesthetics Introduces the Matrix® Skin Renewal Platform: A Revolutionary Approach to Skin Health

Oak City MedAesthetics now offers the Candela Matrix® for personalized, non-surgical skin rejuvenation with minimal downtime.

RALEIGH, NC, UNITED STATES, October 16, 2025 /EINPresswire.com/ -- [Oak City MedAesthetics](#) is proud to announce the addition of the [Candela Matrix®](#) platform to its comprehensive suite of aesthetic services. This groundbreaking system is redefining the future of non-surgical skin renewal with science-backed technology designed to meet the evolving skin needs of patients across all ages and skin tones.

More than just RF microneedling, the Matrix® system is a complete skin renewal platform that redefines the approach to non-surgical aesthetic care. This all-in-one system is built to deliver personalized treatments across multiple skin layers, targeting tone, texture, and laxity. Its advanced, real-time impedance monitoring ensures each pulse is perfectly calibrated for consistent results. By stimulating natural collagen production and adapting to each patient's unique skin concerns, Matrix® empowers Oak City MedAesthetics to achieve visible, natural-looking outcomes with greater confidence in every treatment.

Using three complementary technologies, the Matrix® platform allows Oak City MedAesthetics to treat diverse skin concerns across all skin layers with one treatment name, The Matrix Treatment:

RF Microneedling: Stimulates collagen with precision at up to three depths in one insertion for wrinkle reduction, skin tightening, and volume restoration.
Fractional Resurfacing & Ablation: Improves texture and tone by delivering fractionated bipolar

Candela Matrix® technology at Oak City MedAesthetics

RF energy to resurface skin and reduce fine lines and wrinkles.

Bulk Heating: Combines infrared and bipolar RF energies to smooth superficial and deeper dermal layers without needles or downtime.

Matrix® treatments address a wide variety of skin concerns in a single, efficient system—boosting patient satisfaction and practice performance.

What Makes Matrix® Different?

Matrix® reframes aesthetic care from a technology-centric narrative to an outcome-driven solution. It treats the most common concerns such as skin laxity, fine lines and wrinkles, sagging, and uneven tone while offering benefits like:

Customized treatments for all skin tones and types

Visible results with minimal downtime

Consistent and predictable energy delivery

“

We are excited to offer a treatment that addresses a number of concerns and can be utilized for the face and body.”

Sarah Walker

The Matrix® platform offers preventive care for younger skin, restorative treatments for midlife concerns, and collagen-boosting renewal for more mature skin.

Oak City MedAesthetics: Dedicated to Transformative Care
