Veripath Farmland Announces Q3 2025 NAV Update and Continued AUM Growth

CALGARY, AB, CANADA, October 29, 2025 /EINPresswire.com/ -- Veripath Farmland Partners (Veripath) is pleased to release its Q3 2025 NAVs with quarterly results remaining positive across the platform, notably with Series W/W3 generating a 2.3% return.

“Q3 reflects the characteristics that continue to draw institutional and private capital toward farmland with low volatility and strong inflation linkage” said Carmon Blacklock, Partner at Veripath. “As the platform has scaled, we’ve been able to deepen operator relationships and pursue more targeted acquisitions, all the while maintaining a conservative approach to leverage and risk.”

Veripath operates on the conviction that worldwide demand for the agricultural products used for food, feed, and fuel makes farmland a valuable long-term investment and that valuation discounts continue to be present in Veripath’s target markets. In addition, throughout history farmland has demonstrated a strong capacity to hedge both inflationary and stagflationary economic climates.

Who is Veripath?

Veripath is a partner fund of Omnigence Asset Management, a $1B alternative investment platform. Veripath invests in farmland and currently holds a 140,000+ acre row crop portfolio across Canada. Veripath believes that the farmland thesis in Canada has a number of compelling features:

• Value: Canada has some of the most competitively priced farmland in the developed world – particularly on a productivity adjusted pricing basis.

• Diversification: Farmland exhibits low correlation to traditional stock/bond investments so can improve portfolio risk diversification.

• Inflation Hedging: Farmland has historically had strong inflation/stagflation hedging capabilities.

• Demand: Farmland is a non-volatile way to capture the anticipated incremental demand coming from population growth and growing demands for food, feed, fuel and water globally.

Veripath divides the Canadian market into two separate geographies of ~84M acres each in order to streamline and simplify farmland ownership regulatory compliance. Veripath Farmland (UR) LP invests in all of Canada (excluding SK and MB) and Veripath Farmland LP invests just in SK and MB. The two sister Funds have the same terms and fee structures.
