

Regal Weight Loss Introduces Updated Weight Management Programs with Medical Supervision

Regal Weight Loss Celebrates Grand Re-Opening Across DFW, Launching Updated Non-Surgical, Provider-Supervised Programs for Safe and Sustainable Results.

NY, UNITED STATES, October 31, 2025 /EINPresswire.com/ -- [Regal Weight Loss](#) proudly announces the Grand Re-Opening of its three locations - Fort Worth, Grand Prairie, and Mesquite - unveiling refreshed centers, modernized client experience, and enhanced provider-supervised, non-surgical weight-loss programs. Clients can now begin with a free, no-obligation consultation, available in person, online, or by phone, and access flexible financing options and bilingual support.

“Our Grand Re-Opening is all about accessibility and support,” said a Regal Weight Loss spokesperson. “We’ve redesigned our spaces and streamlined consultations so people can start their journey comfortably - online, by phone, or in person - and work with a licensed provider to build a personalized plan. This isn’t about quick fixes; it’s about safe, guided progress with real accountability.”

Provider-Supervised Care and a Personalized Approach

Regal Weight Loss operates in partnership with the licensed medical provider Superior Healthcare, where all clinical services are delivered under the supervision of Eric Naifeh, FNP, PMHNP, DC. Regal Weight Loss LLC functions as a retail weight-loss center that manages client experience, consultations, and ongoing support - while all medical evaluations, prescriptions, and protocols are handled exclusively by the third-party provider.

This structure ensures high-quality, compliant medical care combined with an approachable, customer-friendly environment that helps clients start safely and confidently.

What's New at Regal Weight Loss

- Free, no-obligation consultations - Start in person, online, or by phone to discuss goals and choose the best-fit program.
- Provider-supervised programs - May include GLP-1-based therapies and B12 Lipotropic ("Skinny Shot®") injections, prescribed only after a medical evaluation.
- Non-surgical, maintenance-focused philosophy - Designed to help clients achieve sustainable, healthy results.
- Flexible financing through Cherry Finance - 0% financing available for qualified clients.

"People want confidence, safety, and support," said Eric Naifeh, FNP, PMHNP, DC, the primary healthcare provider for Regal's programs. "Our role is to evaluate each client's medical needs, tailor therapy, and oversee progress, while Regal ensures a smooth onboarding and ongoing encouragement. That partnership makes the entire process clearer and more effective."

Three DFW Centers - One Simple Starting Point

Regal Weight Loss serves clients across the Dallas-Fort Worth Metroplex, offering free consultations and provider coordination for both telehealth and in-person evaluations:

Ross Lost 28 lbs

Emily Lost 141 lbs

- Fort Worth - 6344 Camp Bowie Blvd, Fort Worth, TX 76116. Free consultations; programs under the supervision of Eric Naifeh, FNP-C.
- Grand Prairie - 112 East Main Street, Grand Prairie, TX 75050. Local center offering bilingual (English and Spanish) support.
- Mesquite - Personalized programs featuring GLP-1 and B12 lipotropic injections; consultations help align goals and budget before provider evaluation.

Each location also provides Spanish-language assistance (Consultas gratuitas sin compromiso), reflecting the diversity of the DFW community.

How to Get Started

1. Book a free, no-obligation consultation - in person, online, or by phone.
2. Complete clinical steps with the provider (evaluation, labs, telehealth).
3. Begin your provider-supervised program and continue with Regal's maintenance support for lasting results.
