

Frizzo Drops 'Throwing Dust' – Premium Chill Instrumental Fire

Frizzo unleashes Throwing Dust premium instrumental. Weekly pro drops exclusive vibes. Subscribe Frizzo Music for fire beats!

LAS VEGAS, NV, UNITED STATES, November 3, 2025 /EINPresswire.com/ -- Metro Detroit-native Frizzo, now lighting up Las Vegas, drops "Throwing Dust"—a premium boom bap instrumental channeling Motor City rawness with Sin City swagger. Out now on YouTube, [Spotify](#), and all platforms via DistroKid. At 3:44, "Throwing Dust" slams with dusty drums, gritty samples, and head-nod bass—forged for cyphers, rides, or Vegas nights.

As the lead single in Frizzo's weekly releases, it delivers bar-ready fire for emcees worldwide. "I blend a sound of early 2000s Detroit horrorcore and minimalist classical in most of my beats, but Throwing Dust is a different vibe. I added some soulful electric guitar riffs and a solid bass line that rides the whole beat. I was aiming for a sound like 'The Message' by Nas," says Frizzo. "I have a regular workflow when it comes to releasing and promoting my music. I typically send all my beats out for global distribution immediately, then post them to the r/beats subreddit and the Facebook group The Finest Music Channel for community feedback.

The Finest Music Channel Facebook group is your best bet for staying on top of my new releases. It's administrated by Merch Music, a Detroit DJ I first met at the Hip Hop Shop on 7 Mile and Greenfield in Detroit, where he DJ'd the Alpha League rap battles nearly a decade ago—and he's good money when it comes to letting artists share their drops. Either there, or just subscribe to my YouTube channel or Spotify. I hope people start using my music for their TikTok and Instagram Reels—that's showing real love and respect!" "This is pro heat for real
