

Sport Resource Group Awarded Sourcewell Cooperative Contract

The Minneapolis-based sports equipment company expands opportunities by harnessing the collective purchasing power of 70,000+ participating agencies.

MINNEAPOLIS, MN, UNITED STATES,
November 12, 2025 /

EINPresswire.com/ -- [Sport Resource Group](#), a leader in portable and semi-permanent containment systems for the sports and recreation industry, is proud to announce its recent award of a [Sourcewell](#) cooperative purchasing contract in the ice rink and arena equipment with related supplies and services category. This allows Sport Resource Group to expand its offerings to public agencies across North America.

Sport Resource Group

“

We're thrilled to join Sourcewell. Now agencies can save money, skip the red tape, and get the best gear for soccer, futsal, lacrosse, hockey, and gaga ball.”

Chris Guertin

Sourcewell contract 081425-SRG now gives customers access to the following SRG goods and services: Futsal courts, Street hockey rinks, Soccer field walls, Gaga pits, Ice hockey rinks, Cross ice rink dividers, Portable boundaries, Box lacrosse boards, Hockey arena netting, Sports containment, and Dek hockey rinks.

Sourcewell, a self-funded governmental organization established in 1978, facilitates a cooperative purchasing program that harnesses the collective purchasing power of more than 70,000 participating agencies. By streamlining

procurement with pre-negotiated, competitive contracts, Sourcewell enables government, educational, and nonprofit organizations to secure cost-effective and efficient purchasing solutions.

Sport Resource Group secured a Sourcewell contract following a rigorous request for proposal (RFP) process, ensuring compliance with local procurement requirements and delivering

exceptional value and service. This partnership grants any public agency access to purchase sports products from Sport Resource Group through a ready-to-use, Sourcewell-vetted contract, streamlining the public purchasing process.

“Sport Resource Group is thrilled to have been chosen as a partner of Sourcewell after such a thorough and rigorous process. The number one barrier to purchasing that we constantly hear is the long and drawn-out specification and purchasing process. Now that member agencies can legally satisfy their bid process and save money by purchasing direct, we are excited to help them by providing the best possible products for their soccer, futsal, lacrosse, hockey, and gaga ball needs,” said Chris Guertin, Sport Resource Group President.

Sport Resource Group currently serves customers in every region of the United States, providing customized solutions for schools, park districts, summer camps, YMCAs, colleges, and professional sports organizations. From community playgrounds to Division I athletic programs, SRG products are known for their safety, versatility, and long-lasting performance. Each installation is supported by the company’s commitment to exceptional service and innovative design tailored to the needs of athletes and facility managers.

The partnership with Sourcewell aligns with Sport Resource Group’s mission to make high quality, safe sports environments available to everyone, from young athletes learning the game to professionals honing their skills. Through this cooperative contract, SRG continues to empower communities to expand recreation opportunities, improve safety standards, and bring people together through play and competition.
