EINPresswire.com/ -- The [Litecoin Foundation](#) is proud to share that next year's Litecoin Summit will be an official part of [Dutch Blockchain Week 2026](#). World-class speakers, developers & thinkers in Amsterdam from 22-23

June 2026 - and just €84 for the two-day pass!

Since 2018, the Litecoin Summit has been growing year-on-year. Thousands come to Nashville, San Fran and Vegas to benefit from learning, engaging with speakers, other attendees and sponsors in real-life. With many traveling 25+ hours to the States just to attend a Litecoin Summit!

“

Honestly, the Litecoin community in Europe is stronger and louder than ever. So when Dutch Blockchain Week reached out about a Litecoin Summit in Amsterdam it was a perfect fit!”

Partnership director, David

As a non-profit with a truly decentralized global community and mission, the Litecoin Foundation regularly partners, sponsors and speaks at events from Sydney to Prague, Taipei to Maui. But the right opportunity to host a Litecoin Summit outside the US hadn't presented itself, until now.

From June 22-23, 2026 Litecoin Summit will be abuzz with interviews and conversations on privacy, financial freedom, payments and more. Delivered by developers, thinkers, policy-makers and a healthy smattering of cypherpunks.

Making each Summit and its world class speakers

accessible to the most number of people as possible is always the aim - and this sixth edition will be no different. For €84, attendees will get two days of cryptocurrency's leading voices, sharing their distinct perspectives. Examples of past Summit speakers include Ron Paul, Phil
