

Eco Valley Chem-Dry Brings Cleaner, Healthier Homes to Calgary and Beyond

From deep-clean carpets to odor-free upholstery, Eco Valley Chem-Dry's proven services restore freshness to Canadian homes

CALGARY, ALBERTA, CANADA,
December 3, 2025 /EINPresswire.com/

-- Eco Valley Chem-Dry continues to raise the standard for residential cleaning across Calgary by providing families with effective, fast-drying and eco-conscious home services that restore comfort and freshness. The company focuses on delivering exceptional results through advanced

cleaning technology, low-moisture systems and premium customer care, helping homeowners achieve healthier indoor environments without disruptive downtime or the harsh chemicals associated with traditional cleaning approaches. Eco Valley Chem-Dry offers three highly

requested services that remain central to its reputation: rug cleaning, pet urine odour removal and upholstery professional cleaning. These services are tailored to support families, pet owners and busy households looking for reliable, long-lasting cleanliness.

“

Our mission is simple: we want every home to feel fresh, safe and comfortable, Whether you have pets, children or simply want a deeper clean, we are here to help restore your home health effectively”

Florin

1. [Carpet Cleaning Service](#)

Eco Valley Chem-Dry's carpet cleaning service provides deep, long-lasting cleanliness using advanced cleaning technology that requires significantly less water than traditional steam cleaning. This low-moisture approach allows carpets to dry within hours rather than days,

reducing disruption for busy households. The cleaning process lifts embedded dirt, dust, allergens and tough stains while being gentle on carpet fibres. Homeowners receive refreshed, soft carpets that look and feel revitalized without the heavy chemical residue associated with older cleaning methods.

2. Pet Urine Odor Removal

For pet owners, Eco Valley Chem-Dry offers a targeted treatment designed to eliminate urine odors at their source. Instead of simply masking the smell, the company uses a specialized process that breaks down the odor-causing elements trapped in carpets, rugs and upholstery. This service is especially valuable for homes with recurring accidents or deep-set odors that traditional cleaning cannot address. By removing lingering odors instead of covering them temporarily, pet families can enjoy fresher, more comfortable living spaces every day.

3. Upholstery Cleaning

Eco Valley Chem-Dry also provides upholstery cleaning that restores the look and feel of sofas, chairs, sectionals and other fabric furniture. The process lifts dirt, dust and allergens that accumulate over time while preserving the texture and integrity of the fabric. Homeowners often notice brighter colours, improved softness and a renewed freshness throughout their living rooms. Upholstery cleaning is ideal for anyone looking to refresh well-used seating, prepare for guests or extend the life of their furniture.

- Simple, Fast and Convenient Estimates

Eco Valley Chem-Dry enhances the customer experience with an AI-powered chat widget on the website that allows visitors to receive instant quotes in real time. By opening the chat window and answering a few quick questions, homeowners can view an approximate price within moments, making the planning process faster and more convenient. The online form remains available for those who prefer a traditional inquiry method, offering flexibility for different customer needs.

- A Trusted, Eco-Friendly Choice

Eco Valley Chem-Dry sets itself apart by using environmentally conscious cleaning solutions and low-water methods that promote faster drying times and safer home environments. The techniques are designed to reduce allergens and improve overall indoor air quality, offering

peace of mind to families, pet owners and anyone seeking a cleaner, healthier home.

- Customer-Centered Service

With a strong reputation for reliability and customer care, Eco Valley Chem-Dry provides flexible scheduling, professional technicians and transparent communication from start to finish. Their team uses high-quality equipment and cleaning agents that are safe for children, pets and fabrics. Homeowners appreciate the fast turnaround times and noticeable results that come with every service.

- Supporting Home Health & Peace of Mind

Eco Valley Chem-Dry encourages residents in Calgary and nearby communities to explore their services and experience the difference that fast-drying, eco-friendly cleaning can make. From cleaner carpets to odor-free furniture, the company remains committed to delivering healthier homes throughout the region.

- About Eco Valley Chem-Dry

Eco Valley Chem-Dry is a Calgary-based home cleaning company specializing in carpet cleaning, upholstery cleaning, pet urine odor removal, rug cleaning, tile and grout cleaning, hardwood and stone care, stain protection and sanitizing services. With a focus on fast-drying, low-water techniques and eco-friendly cleaning solutions, the company provides effective and family-safe cleaning services across Calgary and surrounding areas.
