

LUCY Makes a Comeback with Their 2nd Full Album, Childish

NEW YORK, NY, UNITED STATES, April 29, 2026 /EINPresswire.com/ -- [LUCY](#) has released a new album, Childish. It is their second full album and their first release since the whole group returned from their military service. Childish is about the harsh reality of adult life and the yearning to cherish and embrace their inner child, who once viewed the world as vivid and full of wonder. As a continuation of LUCY's inner child series, this album will include six songs from WAJANGCHANG (their sixth mini album), four songs from SUNFLOWER (their seventh mini album), and five new songs that were written and composed by members CHO WONSANG and SHIN GWANGIL.

"It's very exciting to release our second full album, Childish, as a full group with GWANGIL. Continuing from our first full album, Childhood, we're discussing the topic of inner child in this album to share the story of finding myself, who was incredibly childish and pure, in the harsh reality. We hope you give it a lot of love and support." – CHO WONSANG, member of LUCY

The album opens with "싹 (Sprout)," a track that sets a fantasy-like atmosphere to help listeners embrace their inner child. "싹 (Sprout)" is followed by the album's title track, "모든 나이 (All Ages)," which is about the wish to see the world through a child's eyes rather than experience the realities of adulthood. The third track, "Chameleon," is a fusion funk-based track that incorporates a blend of different genres, like how a chameleon changes its colors to match its surroundings. "Chameleon" is for anyone who struggles with self-love and attempts to change their appearance to accommodate their surroundings or others, to encourage them to embrace and accept themselves with all of their imperfections. "Porch Light (Feat. 싹 Skylar)" sings about the moments that make us feel at home with our loved ones and the warm feeling from a porch light lighting up as it greets those coming back home. "blah-blah-blah" was written and composed by SHIN GWANGIL. The track captures the rambling, overflowing emotions of a new crush, and its bright, lively guitar sound brings the lightness of a breezy drive.

“Thanks to your support, we’re releasing our second full album, Childish, after the completion of my military service. We filled it with LUCY’s unique sensibility with songs from our sixth and seventh mini albums, as well as brand new songs. Please give it a lot of listen, and we hope you look forward to our upcoming concert as well. Thank you!” – SHIN GWANGIL, member of LUCY

Besides releasing their new album, Childish, LUCY recently launched their official fan club “WALWALE,” expanding their engagement with global fans and creating a tight community. Additionally, fans can anticipate their upcoming concert in Seoul, [2026 LUCY 9TH CONCERT <ISLAND> on May 16th and 17th at KSPO DOME](#). LUCY will also be performing at the [2026 Weverse Con Festival](#) on June 6th.
