Courtside Bar & Grill is proud to announce the opening of The Courtside Biergarten on Thursday, June 11. The new outdoor dining and gathering space brings a fresh open-air experience to the heart of Downtown Binghamton, offering guests a new way to enjoy food, drinks, sports, and summer nights on Court Street.

The Courtside Biergarten serves as an expansive outdoor patio extension of Courtside Bar & Grill, creating a welcoming space for guests to gather outside while enjoying the full Courtside experience. The Biergarten will feature 21 beers on draft, a full food menu, late-night dining options, desserts, and an energetic outdoor atmosphere designed for both casual dining and gameday gatherings.

Opening just as the 2026 World Cup begins, The Courtside Biergarten is positioned to become a premier summer destination for soccer fans and sports lovers throughout the region. Courtside plans to broadcast World Cup matches outside throughout the tournament, giving guests the opportunity to enjoy the excitement of international soccer in an open-air downtown setting.

The Courtside Biergarten brings outdoor dining, umbrellas, string lights, and seasonal plantings to Downtown Binghamton.

The new space is also intended to add energy and visual appeal to Downtown Binghamton's streetscape. The Biergarten makes thoughtful use of outdoor sidewalk and patio space, transforming the area into a more inviting and lively extension of the restaurant.

"As a landlord and someone who believes deeply in Downtown Binghamton, I think this is exactly the kind of addition that helps move the city forward," said Ron Kweller, landlord of the Courtside property. "When sidewalk space is used the right way, it does more than create extra seating. It beautifies the street, brings people outside, supports local business, and makes downtown feel more alive. The Courtside Biergarten is a great addition to Downtown Binghamton, and I'm proud to see this space become something that adds to the character and energy of Court Street."

The aesthetic of the new Biergarten is enhanced by custom greenery designed and installed by Francine Urda of Francine's Horticultural Services. Urda's flower plantings bring a thoughtful horticultural element to the urban setting, helping soften the downtown environment while creating a warm, seasonal backdrop for guests. Her work adds texture, color, and a carefully designed natural touch to the outdoor space. More information
